PROFESSIONAL SUMMARY

Motivated and hardworking Computer Science Engineering (CSE) student with strong interest in web development, software engineering, and digital marketing. Skilled in frontend development, backend development, and creating modern responsive websites. Passionate about learning new technologies, improving problem-solving skills, and building real-world projects. Currently developing a full school website (frontend + backend) using React, Node.js, Express, MongoDB, and JWT Authentication. Eager to contribute to impactful projects and grow into a professional software developer in top tech companies.
